## WLBC 2018-2019 Sailing Season Program

Welcome to the new sailing year.

The WLBC will be running a competitive pointscore competition and a handicap series, as scheduled in the following program. In pointscore races, all boats in a division start together, and results are determined by calculating their elapsed time x 100 / their boats yardstick. In the handicap-start series, each skipper is assigned a handicap before each race, which is calculated so that the fleet should all finish together. In both series, the season result will be the total of their points, less their 5 worst race results.

Sprint races, practice races and fun races do not count towards pointscore or handicap series.

Each week we plan to have two races. The first race will start at 12.30, or as close as possible to that time. The second race will start after an on-shore break following the finish of the first race. The OOD may elect to run back-to-back races, so there may be no on-shore break.

A \$10 per day fee is required from each adult skipper, or \$5 for junior boats, to assist in covering the cost of operating the rescue boat.

The WLBC has Pacer, Sabre, Sabot and Manly Junior dinghies available. Each boat may be booked by contacting the Events Coordinator or the secretary.

Sailing training may be available each week, from 9:30 to 11:30. If interested, please contact the secretary and arrange a tutor for each session. The training will be tailored to suit any skill level.

Could those members unable to carry out their Officer of the Day (OOD) duties arrange a swap and please contact the Events Coordinator, Rob Morton. Could the OOD please read the OOD duty sheet to familiarise yourself with the tasks you need to perform to ensure the smooth running of the race. These sheets are available on the club's website, and spare copies are available at the club.

At the end of each day, the officer of the day will present race results. Cold drinks and munchies will be available to buy.

The WLBC meetings are planned to be held on the second Saturday of each month, after sailing at the club. All are encouraged to attend.

Please check our website for more details and information.
